Product Datasheet

ACE2 (18-615) Human ABI-32-6630-1

Artikelname	ACE2 (18-615) Human
Artikelnummer	ABI-32-6630-1
Hersteller Artikelnummer	32-6630-1
Alternativnummer	ABI-32-6630-1-1UG
Hersteller	Abeomics
Kategorie	Sonstiges
Applikation	FA
Produktbeschreibung	Source: CHO CellsSterile Filtered clear solution.ACE-2 (Angiotensin converting enzyme 2) an enzyme bound to cell membranes in various organs such as intestines arteries , lungs, heart & kidney. ACE2 an entry receptor of SARS coronaviruses as well as ...
Reinheit	Protein is >95% pure as determined SDS-PAGE.
Application Verdünnung	ACE2 activity was measured by its binding ability in a functional ELISA. The immobilized Recombinant Human ACE2 protein binds to SARS CoV2 Spike protein Receptor Binding Domain at 2ug per ml.
