Mouse anti Human CD19, conjugated with PE, IgG1, Clone: [1G9], RPE, Monoclonal NMB-0194

Artikelname	Mouse anti Human CD19, conjugated with PE, IgG1, Clone: [1G9], RPE, Monoclonal
Artikelnummer	NMB-0194
Hersteller Artikelnummer	0194
Alternativnummer	NMB-0194
Hersteller	NordicMubio
Wirt	Mouse
Kategorie	Antikörper
Applikation	FC
Spezies Reaktivität	Human
Konjugation	RPE
Produktbeschreibung	Mouse anti Human CD19, conjugated with PE can be used for the identification of human B cells and is associated with approximately 10% of peripheral blood lymphocytes, 95,000 M.W. surface antigen....
Klonalität	Monoclonal
Konzentration	Titered for flow cytometry
Klon-Bezeichnung	[1G9]
Isotyp	IgG1

UniProt	P15391
Puffer	Provided as solution in phosphate buffered saline with 0.08% sodium azide and 0.2% carrier protein
Reinheit	Protein A/G Chromatography
Anwendungsbeschreibung	PBMC: Add 10 µl of MAB/10 ⁶ PBMC in 100 µl PBS. Mix gently and incubate for 15 minutes at 2 to 8 C. Wash twice with PBS and analyze or fix with 0.5% v/v of paraformaldehyde in PBS and analyze. WHOLE BLOOD: Add 10 µl of MAB/100 µl of whole blood. Mix gently
