### Mouse anti Human myc, IgG2a, Unconjugated NMB-N110M

|                          |   |
|--------------------------|---|
| Artikelname              | Mouse anti Human myc, IgG2a, Unconjugated   |
| Artikelnummer            | NMB-N110M   |
| Hersteller Artikelnummer | N110M   |
| Alternativnummer         | NMB-N110M   |
| Hersteller               | NordicMubio   |
| Wirt                     | Mouse   |
| Kategorie                | Antikörper  |
| Applikation              | IHC, IP, WB   |
| Spezies Reaktivität      | Human, Mouse, Rat   |
| Konjugation              | Unconjugated  |
| Produktbeschreibung      | Human c-myc belongs to a family of 5 myc oncogenes. Amplification of c-myc has been found in several types of human tumors including breast and colon carcinomas. Induction of c-myc in cells grown in the appropriate growth factors or co-expression wit... |
| Klonalität               | Monoclonal  |
| Konzentration            | See vial for concentration  |
| Klon-Bezeichnung         | 8   |
| Isotyp                   | IgG2a   |
| UniProt                  | <a href="#">P01106</a>  |

|                        |   |
|------------------------|---|
| Puffer                 | Provided as solution in phosphate buffered saline with 0.08% sodium azide   |
| Quelle                 | Hybridoma produced by the fusion of splenocytes from mice immunized with recombinant full-length human c-Myc protein and mouse myeloma cells. |
| Reinheit               | Protein A/G Chromatography  |
| Formel                 | Provided as solution in phosphate buffered saline with 0.08% sodium azide   |
| Anwendungsbeschreibung | Applications: Western Blot, Immunoprecipitation (Both with and without SDS) and immunohistochemistry (see image)                              |
