Mouse anti Phosphotyrosine, conjugated with FITC, IgG2b, Clone: [PY20], Monoclonal NMB-X1017

Artikelname	Mouse anti Phosphotyrosine, conjugated with FITC, IgG2b, Clone: [PY20], Monoclonal
Artikelnummer	NMB-X1017
Hersteller Artikelnummer	X1017
Alternativnummer	NMB-X1017
Hersteller	NordicMubio
Wirt	Mouse
Kategorie	Antikörper
Applikation	EIA, IF, IP, WB
Spezies Reaktivität	All
Konjugation	FITC
Produktbeschreibung	The role of tyrosine phosphorylation in transduction of the mitogenic signal from transmembrane receptors and in transformation by oncogene tyrosine kinases has been the subject of intense investigation for several years. While the phosphorylation of...
Klonalität	Monoclonal
Konzentration	See vial for concentration
Klon-Bezeichnung	[PY20]
Isotyp	IgG2b

Puffer	Provided as sterile solution in 20 mM sodium phosphate, 150 mM sodium chloride, 50% glycerol, 3 mM sodium azide
Quelle	Hybridoma produced from Balb/C mice immunized with phosphotyrosine coupled to carrier protein.
Reinheit	Prot A/G
Anwendungsbeschreibung	A dilution of 5-10 ug/ml is suggested for immunohistochemistry or immunofluorescence. Optimal concentration should be evaluated by serial dilutions.
