### Rabbit anti Human Adiponectin Receptor 2, Unconjugated NMB-X1699P

|                          |   |
|--------------------------|---|
| Artikelname              | Rabbit anti Human Adiponectin Receptor 2, Unconjugated  |
| Artikelnummer            | NMB-X1699P  |
| Hersteller Artikelnummer | X1699P  |
| Alternativnummer         | NMB-X1699P  |
| Hersteller               | NordicMubio   |
| Wirt                     | Rabbit  |
| Kategorie                | Antikörper  |
| Applikation              | ELISA, WB   |
| Spezies Reaktivität      | Human   |
| Konjugation              | Unconjugated  |
| Produktbeschreibung      | ADR2 functions as a receptor for globular and full-length adiponectin (APM1), which is an essential hormone secreted by adipocytes that acts as an antidiabetic. ADR2 is also probably involved in metabolic pathways that regulate lipid metabolism such ... |
| Konzentration            | See vial for concentration  |
| UniProt                  | <a href="#">Q86V24</a>  |
| Puffer                   | Provided as solution in phosphate buffered saline with 0.08% sodium azide   |
| Quelle                   | Rabbits were immunized with a synthetic peptide near the C terminus of human adiponectin receptor 2 proteins  |

|                        |  |
|------------------------|--|
| Reinheit               | Ammonium sulfate precipitation   |
| Formel                 | Provided as solution in phosphate buffered saline with 0.08% sodium azide  |
| Anwendungsbeschreibung | Antibody can be used for Western blotting (5-10µg/ml) and ELISA. Other applications not yet tested. Cross reacts with Human ADR1. Optimal concentration should be evaluated by serial dilutions. |
