Product Datasheet

Rabbit anti Human DAP12, Unconjugated NMB-X1588P

Artikelname	Rabbit anti Human DAP12, Unconjugated
Artikelnummer	NMB-X1588P
Hersteller Artikelnummer	X1588P
Alternativnummer	NMB-X1588P
Hersteller	NordicMubio
Wirt	Rabbit
Kategorie	Antikörper
Applikation	IP, WB
Spezies Reaktivität	Human, Mouse
Konjugation	Unconjugated
Produktbeschreibung	DAP12 is a transmembrane adaptor protein that is non-covalently associated with several cell surface receptors on natural killer (NK), myeloid, and presumably neuronal cells (1,2). DAP12 contains an ITAM domain that preferentially recruits the protei...
Konzentration	See vial for concentration
UniProt	O43914
Puffer	Provided as solution in phosphate buffered saline with 0.08% sodium azide
Quelle	Rabbit immunized with recombinant DAP12 protein (cytoplasmic domain).

Reinheit	Ammonium Sulfate Precipitation
Formel	Provided as solution in phosphate buffered saline with 0.08% sodium azide
Anwendungsbeschreibung	Antibody can be used for immunoprecipitation (2-4 µg/mg of protein lysate). Optimal concentration should be evaluated by serial dilutions.
