Product Datasheet

Sheep anti Rat ADAR2 (Adenosine Deaminase Acting on RNA 2), Unconjugated NMB-U115P

Artikelname	Sheep anti Rat ADAR2 (Adenosine Deaminase Acting on RNA 2), Unconjugated
Artikelnummer	NMB-U115P
Hersteller Artikelnummer	U115P
Alternativnummer	NMB-U115P
Hersteller	NordicMubio
Wirt	Sheep
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Rat
Konjugation	Unconjugated
Produktbeschreibung	RED 1 also called ADAR2 is involved in the editing of the messenger RNAs for glutamate receptor (GluR) subunits by site-selective adenosine deamination. It edits both the GluR-B Q/R and R/G sites efficiently but converts the adenosine in hotspot1 muc...
Konzentration	See vial for concentration
Isotyp	IgG
UniProt	P51400

Puffer	Provided as solution in phosphate buffered saline with 0.08% sodium azide
Quelle	Sheep were immunized with a GST fusion protein containing amino acid sequence 6-66 of rat RED1
Reinheit	Ammonium Sulfate Precipitation
Formel	.
Anwendungsbeschreibung	Suggested dilution for WB: 1:1000. Optimal concentration should be evaluated by serial dilutions.
