| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | The reactivity of this preparation of two monoclonal antibodies is restricted to a surface determinant on the kappa light chain. It is reacting with polyclonal and monoclonal immunoglobulins of the kappa type, as well as free kappa light chains as te... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [NI 285 NI 250]                                                                                                                                                                                                                                               |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                    |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | No preservative added, as it may interfere with the antibody activity.<br>No foreign protein added. Reconstitute the lyophilized product by adding 0.5 ml sterile distilled water. |
| Quelle                 | Highly purified Bence Jones kappa proteins isolated from pooled human urine.                                                                                                       |
| Reinheit               | ProteinA/G affinity purification                                                                                                                                                   |
| Formel                 | No preservative added, as it may interfere with the antibody activity.<br>No foreign protein added.                                                                                |
| Anwendungsbeschreibung | ELISA, Immunocytochemistry, Immunohistochemistry (paraffin), Dot blot, Immunoblotting.                                                                                             |
