## Product Datasheet

### **Mouse anti Human Bence Jones kappa (surface and hidden determinants), conjugated with Horseradish peroxidase, IgG1, Clone: [NI 285 NI 250], HRP, Monoclonal NMB-MAHU/BJK/PO**

|                          |   |
|--------------------------|---|
| Artikelname              | Mouse anti Human Bence Jones kappa (surface and hidden determinants), conjugated with Horseradish peroxidase, IgG1, Clone: [NI 285 NI 250], HRP, Monoclonal   |
| Artikelnummer            | NMB-MAHU/BJK/PO   |
| Hersteller Artikelnummer | MAHu/BJK/PO   |
| Alternativnummer         | NMB-MAHU/BJK/PO   |
| Hersteller               | NordicMubio   |
| Wirt                     | Mouse   |
| Kategorie                | Antikörper  |
| Konjugation              | HRP   |
| Produktbeschreibung      | The reactivity of the this preparation of two monoclonal antibodies is restricted to polyclonal and monoclonal immunoglobulins of the kappa type, as well as free kappa light chains as tested in direct binding enzyme immunoassay, immunoblotting, immun... |
| Klonalität               | Monoclonal  |
| Klon-Bezeichnung         | [NI 285 NI 250]   |
| Isotyp                   | IgG1  |

|                        |  |
|------------------------|--|
| Puffer                 | Purified monoclonal mouse IgG1 kappa conjugated with horseradish peroxidase, lyophilized from a solution in phosphate buffered saline (pH7.2). No preservative added, as it may interfere with the antibody activity. No foreign protein added. Reconstitute t |
| Quelle                 | Highly purified Bence Jones kappa proteins isolated from pooled human urine.   |
| Formel                 | Purified monoclonal mouse IgG1 kappa conjugated with horseradish peroxidase, lyophilized from a solution in phosphate buffered saline (pH7.2). No preservative added, as it may interfere with the antibody activity. No foreign protein added.                |
| Anwendungsbeschreibung | ELISA, Immunocytochemistry, Immunohistochemistry (paraffin), Dot blot, Immunoblotting.   |
