Product Datasheet

Rabbit anti Human lysozyme, Clone: [Polyclonal], Monoclonal NMB-RAHU/LYS

Artikelname	Rabbit anti Human lysozyme, Clone: [Polyclonal], Monoclonal
Artikelnummer	NMB-RAHU/LYS
Hersteller Artikelnummer	RAHu/Lys
Alternativnummer	NMB-RAHU/LYS
Hersteller	NordicMubio
Wirt	Rabbit
Kategorie	Antikörper
Spezies Reaktivität	Human
Immunogen	Highly purified recombinant human lysozyme was used as immunogen.
Produktbeschreibung	The reactivity of the antiserum is restricted to lysozyme. In immunoelectrophoresis and radial immunodiffusion (Ouchterlony), using various antiserum concentrations against normal human milk and tears a single precipitin line is obtained which shows ...
Klonalität	Monoclonal
Klon-Bezeichnung	[Polyclonal]
UniProt	P61626
Puffer	Biotin-coupled purified hyperimmune IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2) No preservative added, as it may interfere with the antibody activity. It is reconstituted by adding 1 ml sterile distilled water, spun down to

Quelle	Lysozyme, a bacteriolytic enzyme, has a molecular weight of about 15,000. Its concentration in plasma is low, in milk the concentration is reported to be between 5 and 220 mg/ml. Also tears contain a considerable amount of lysozyme. Highly purified recom
Formel	Biotin-coupled purified hyperimmune IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2) No preservative added, as it may interfere with the antibody activity.
Anwendungsbeschreibung	Precipitation assays. Prior to use, an aliquot is thawed slowly at ambient temperature, spun down again and used to prepare working dilutions by adding sterile phosphate buffered saline (PBS, pH 7.2). Repeated thawing and freezing should be avoided.
