## Product Datasheet

### LILRB1 Antibody / ILT-2, Clone: [VMP55], Mouse, Monoclonal NSJ-V8530-20UG

|                          |   |
|--------------------------|---|
| Artikelname              | LILRB1 Antibody / ILT-2, Clone: [VMP55], Mouse, Monoclonal  |
| Artikelnummer            | NSJ-V8530-20UG  |
| Hersteller Artikelnummer | V8530-20UG  |
| Alternativnummer         | NSJ-V8530-20UG  |
| Hersteller               | NSJ Bioreagents   |
| Wirt                     | Mouse   |
| Kategorie                | Antikörper  |
| Applikation              | FACS, IP, WB  |
| Spezies Reaktivität      | Human   |
| Immunogen                | Hairy cell leukemia cells were used as the immunogen for the LILRB1 antibody.   |
| Produktbeschreibung      | Leukocyte immunoglobulin-like receptors (LIRs) are members of the immunoglobulin superfamily of glycoproteins and are predominantly expressed by monocytes, B cells, dendritic cells, natural killer (NK) cells, peripheral blood leukocytes and tissues s... |
| Klonalität               | Monoclonal  |
| Konzentration            | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide   |
| Klon-Bezeichnung         | [VMP55]   |
| Isotyp                   | Mouse IgG1, kappa   |

|                        |   |
|------------------------|---|
| UniProt                | <a href="#">Q8NHL6</a>  |
| Puffer                 | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide   |
| Reinheit               | Protein G affinity chromatography   |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide   |
| Target-Kategorie       | LILRB1  |
| Antibody Type          | Primary Antibody  |
| Application Verdünnung | Immunoprecipitation: 1-2ug per 100-500ug of total protein (1ml of cell lysate),Western blot: 1-2ug/ml,Flow cytometry: 1-2ug/million cells |
| Anwendungsbeschreibung | Optimal dilution of the LILRB1 antibody should be determined by the researcher.   |
