Streptavidin Sepharose High Performance affinity resin CRM-ST-383C-5

Artikelname	Streptavidin Sepharose High Performance affinity resin
Artikelnummer	CRM-ST-383C-5
Hersteller Artikelnummer	St-383C
Alternativnummer	CRM-ST-383C-5
Hersteller	Creative BioMart
Kategorie	Sonstiges
Produktbeschreibung	The interaction between streptavidin and biotin is very strong and requires denaturing conditions for elution. This strong interaction can be utilized in the purification of antigens. Biotinylated antibody-antigen complexes bind to the HiTrap Strepta...
Anwendungsbeschreibung	The interaction between streptavidin and biotin is very strong and requires denaturing conditions for elution. This strong interaction can be utilized in the purification of antigens. Biotinylated antibody-antigen complexes bind to the HiTrap Streptavidi
