| Artikelname              | Mouse CD5 protein (Recombinant) (C-His), Unconjugated                                                                                                                                                                         |
| Artikelnummer            | NBS-PSJ-IJROIS-20                                                                                                                                                                                                             |
| Hersteller Artikelnummer | PSJ-IJROIS-20                                                                                                                                                                                                                 |
| Alternativnummer         | NBS-PSJ-IJROIS-20                                                                                                                                                                                                             |
| Hersteller               | Nordic BioSite                                                                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                                                                                    |
| Immunogen                | Recombinant Mouse CD5 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ser25-Pro371) of mouse CD5/Lyt1 (Accession NP_031676.3) fused with a 6*His tag at the C-terminus. |
| Konjugation              | Unconjugated                                                                                                                                                                                                                  |
