| Hersteller               | Rockland Immunochemicals                                                                                                                                                             |
| Wirt                     | Rabbit                                                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                                                           |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                    |
| Immunogen                | Anti-Slitrk1 antibody was prepared from whole rabbit serum produced by repeated immunizations with a 18 amino acid synthetic peptide from near the internal region of human Slitrk1. |
| Konjugation              | Unconjugated                                                                                                                                                                         |
| Klonalität               | Polyclonal                                                                                                                                                                           |
| Konzentration            | 1 mg/mL by UV absorbance at 280 nm                                                                                                                                                   |
| NCBI                     | <a href="#">114798</a>                                                                                                                                                               |
| UniProt                  | <a href="#">Q96PX8</a>                                                                                                                                                               |
| Puffer                   | 0.01 M Sodium Phosphate, 0.25 M Sodium Chloride, pH 7.2                                                                                                                              |
| Formulierung             | Liquid (sterile filtered)                                                                                                                                                            |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target-Kategorie       | Human                                                                                                                                                                                                                                                          |
| Antibody Type          | Primary Antibody                                                                                                                                                                                                                                               |
| Application Verdünnung | ELISA: 1:10,000 - 1:20,000, IHC: 2.5 µg/mL, IF Microscopy: 20 µg/mL, WB: 1-2 µg/mL                                                                                                                                                                             |
| Anwendungsbeschreibung | Anti-Slitrk1 Antibody has been tested for use in ELISA, Western Blotting, Immunohistochemistry and Immunofluorescence. Specific conditions for reactivity should be optimized by the end user. Expect a band at approximately 78 kDa in Western Blots of speci |
