### **Bovine IgG F(ab)2 Antibody Alkaline Phosphatase Conjugated, AP, Goat, Polyclonal ROC-601-1504**

|                          |                                                                                                                           |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Bovine IgG F(ab)2 Antibody Alkaline Phosphatase Conjugated, AP, Goat, Polyclonal                                          |
| Artikelnummer            | ROC-601-1504                                                                                                              |
| Hersteller Artikelnummer | 601-1504                                                                                                                  |
| Alternativnummer         | ROC-601-1504                                                                                                              |
| Hersteller               | Rockland Immunochemicals                                                                                                  |
| Wirt                     | Goat                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                |
| Applikation              | ELISA                                                                                                                     |
| Spezies Reaktivität      | Bovine                                                                                                                    |
| Immunogen                | Bovine IgG F(ab)2 fragment                                                                                                |
| Konjugation              | AP                                                                                                                        |
| Klonalität               | Polyclonal                                                                                                                |
| Konzentration            | 1.0 mg/mL by UV absorbance at 280 nm                                                                                      |
| Puffer                   | 0.05 M Tris Chloride, 0.15M Sodium Chloride, 0.001M Magnesium Chloride, 0.0001M Zinc Chloride, 50% (v/v) Glycerol, pH 8.0 |
| Formulierung             | Liquid (sterile filtered)                                                                                                 |
| Target-Kategorie         | Bovine                                                                                                                    |

|                        |                                                                                                                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                           |
| Application Verdünnung | ELISA: 1:2,000 - 1:10,000, IHC: 1:200 - 1:1,000, WB: 1:500 - 1:2,500                                                                                                                                                                                         |
| Anwendungsbeschreibung | Anti-Bovine IgG F(ab)2 Alkaline Phosphatase Conjugate has been tested by ELISA and is assayed against 1.0 ug of Bovine IgG in a standard capture ELISA using pNPP p-nitrophenyl phosphate code NPP-10 as a substrate for 30 minutes at room temperature. A w |
