## Product Datasheet

### STREPTAVIDIN, Unconjugated ROC-S000-01

Artikelname	STREPTAVIDIN, Unconjugated
Artikelnummer	ROC-S000-01
Hersteller Artikelnummer	S000-01
Alternativnummer	ROC-S000-01
Hersteller	Rockland Immunochemicals
Kategorie	Proteine/Peptide
Applikation	SDS-PAGE
Konjugation	Unconjugated
Konzentration	0.9 mg protein/mg streptavidin/lyophilizate (balance is sodium chloride).
NCBI	<a href="#">00084</a>
UniProt	<a href="#">P22629</a>
Puffer	0.15 M Sodium Chloride
Formulierung	Lyophilized
Application Verdünnung	ELISA: 1:20,000 - 1:200,000, ChIP: User Optimized, Gel Shift: User Optimized, WB: 1:2000-1:20,000

Anwendungsbeschreibung	Streptavidin has been tested by SDS-PAGE and is suitable for use as antigen, as a control or standard in assays, and most other immunological methods as well as enzyme conjugates and complexes, Southern blots and other methodologies related to DNA and RN
