| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | KRAS protein is a key Ras family member that binds GDP/GTP and has intrinsic GTPase activity. Its critical role in regulating cell proliferation emphasizes its importance in cellular processes. KRAS Protein, Human (G13C, His) is the recombinant human... |
| Molekulargewicht         | Approximately 25 kDa                                                                                                                                                                                                                                          |
| Reinheit                 | 95                                                                                                                                                                                                                                                            |
| Formel                   | 3845(Gene_ID)AAH13572.1 (T2-C185, G13C)(Accession)                                                                                                                                                                                                            |
| Anwendungsbeschreibung   | Recombinant Proteins                                                                                                                                                                                                                                          |
