| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                                                                           |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                               |
| Produktbeschreibung      | This product includes lyophilized lysate of HEK293T cells that have been transiently-transfected with Human CACNA1F (NM_005183) and is intended for use as a Western blot positive control. Cells were lysed using Modified RIPA buffer (25mM Tris-HCl pH7.... |
| Molekulargewicht         | 220.5 kDa                                                                                                                                                                                                                                                      |
