| Hersteller               | MedchemExpress                                                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Zymogen granule protein 16 homolog B is a secretory lectin protein that is a highly expressed gene in human salivary gland tissue. Zymogen granule protein 16 homolog B shares sequence homology with its paralog, ZG16p, containing a NH2-terminal signal... |
| Molekulargewicht         | Approximately 26 kDa                                                                                                                                                                                                                                          |
| Reinheit                 | 97                                                                                                                                                                                                                                                            |
