| Alternativnummer         | BOB-A00005-10UG,BOB-A00005-100UG                                                                                                                                                     |
| Hersteller               | Boster Bio                                                                                                                                                                           |
| Wirt                     | Rabbit                                                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                                                           |
| Applikation              | ICC, IF, WB                                                                                                                                                                          |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                    |
| Immunogen                | E.coli-derived human BRCA1 recombinant protein (Position: T1681-E1781). Human BRCA1 shares 73.3% and 74.3% amino acid (aa) sequence identity with mouse and rat BRCA1, respectively. |
| Produktbeschreibung      | Boster Bio Anti-BRCA1 Antibody Picoband(TM) catalog A00005. Tested in ICC, IF, WB applications. This antibody reacts with Human, Mouse, Rat....                                      |
| Klonalität               | Polyclonal                                                                                                                                                                           |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                            |
| Molekulargewicht         | 207721 MW                                                                                                                                                                            |
| UniProt                  | <a href="#">P38398</a>                                                                                                                                                               |

|                        |                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl and 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                                                 |
| Reinheit               | Immunogen affinity purified.                                                                                                                                 |
| Formulierung           | Lyophilized                                                                                                                                                  |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human<br>Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human                                                                  |
| Anwendungsbeschreibung | Tested Species: In-house tested species with positive results. Other applications have not been tested. Optimal dilutions should be determined by end users. |
