| Hersteller               | Boster Bio                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                        |
| Applikation              | WB                                                                                                                                |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                        |
| Immunogen                | E. coli-derived mouse MyD88 recombinant protein (Position: S12-D263).                                                             |
| Produktbeschreibung      | Boster Bio Anti-MyD88 Antibody Picoband(TM) catalog A00025-1. Tested in WB applications. This antibody reacts with Mouse, Rat.... |
| Klonalität               | Polyclonal                                                                                                                        |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                         |
| Molekulargewicht         | 33 kDa                                                                                                                            |
| UniProt                  | <a href="#">P22366</a>                                                                                                            |

|                        |                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> .                                                   |
| Reinheit               | Immunogen affinity purified.                                                                                                                                 |
| Formulierung           | Lyophilized                                                                                                                                                  |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml                                                                                                                                   |
| Anwendungsbeschreibung | Tested Species: In-house tested species with positive results. Other applications have not been tested. Optimal dilutions should be determined by end users. |
