| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                        |
| Applikation              | ELISA                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                   |
| Molekulargewicht         | 72 kDa                                                                                                                                                                                                                                  |
| Tag                      | None                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">004436</a>                                                                                                                                                                                                                  |
| Expression System        | HEK293 Cells                                                                                                                                                                                                                            |
| Reinheit                 | > 95 % as determined by reducing SDS-PAGE.                                                                                                                                                                                              |
| Formulierung             | Lyophilized from sterile 100mM NaCl, 50mM Tris, pH 7.5. Normally 5 % - 8 % trehalose, mannitol and 0.01% Tween80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Met 1-Ser 579                                                                                                                                                                                                                           |
| Target-Kategorie         | EphB6                                                                                                                                                                                                                                   |
