Product Datasheet

Recombinant Human Activin RIIA/ACVR2A Protein (Fc & His Tag)(Active) ELA-PKSH032039

| | |
|--------------------------|--|
| Artikelname | Recombinant Human Activin RIIA/ACVR2A Protein (Fc & His Tag)(Active) |
| Artikelnummer | ELA-PKSH032039 |
| Hersteller Artikelnummer | PKSH032039 |
| Alternativnummer | ELA-PKSH032039-50, ELA-PKSH032039-10 |
| Hersteller | Elabscience |
| Kategorie | Proteine/Peptide |
| Applikation | ELISA |
| Spezies Reaktivität | Human |
| Molekulargewicht | 36 kDa |
| Tag | C-Fc-6His |
| NCBI | 27037 |
| UniProt | P27037 |
| Expression System | HEK293 Cells |
| Reinheit | > 95 % as determined by reducing SDS-PAGE. |
| Formulierung | Lyophilized from a 0.2 um filtered solution of 20mM PB,150mM NaCl,pH7.4.Normally 5 % - 8 % trehalose, mannitol and 0.01% Tween80 are added as protectants before lyophilization.Please refer to the specific buffer information in the printed manual. |

| | |
|------------------|---------------------|
| Sequenz | Ala20-Pro134 |
| Target-Kategorie | Activin RIIA,ACVR2A |
