## Product Datasheet

### **Recombinant Human Inhibin beta C Chain/INHBC Protein (aa 19-352, His Tag)(Active) ELA-PKSH032586**

Artikelname	Recombinant Human Inhibin beta C Chain/INHBC Protein (aa 19-352, His Tag)(Active)
Artikelnummer	ELA-PKSH032586
Hersteller Artikelnummer	PKSH032586
Alternativnummer	ELA-PKSH032586-50, ELA-PKSH032586-10
Hersteller	Elabscience
Kategorie	Proteine/Peptide
Applikation	ELISA
Spezies Reaktivität	Human
Molekulargewicht	49 kDa
Tag	C-6His
NCBI	<a href="#">55103</a>
UniProt	<a href="#">P55103</a>
Expression System	HEK293 Cells
Reinheit	> 95 % as determined by reducing SDS-PAGE.
Formulierung	Lyophilized from a 0.2 um filtered solution of PBS, pH7.4. Normally 5 % - 8 % trehalose, mannitol and 0.01% Tween80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual.

Sequenz	Thr19-Ser352
Target-Kategorie	Inhibin beta C Chain,INHBC
