## Product Datasheet

### Recombinant Human Butyrophilin Subfamily 2 Member A2/BTN2A2 (C-Fc-Avi) Biotinylated ELA-PKSH033997

|                          |   |
|--------------------------|---|
| Artikelname              | Recombinant Human Butyrophilin Subfamily 2 Member A2/BTN2A2 (C-Fc-Avi) Biotinylated   |
| Artikelnummer            | ELA-PKSH033997  |
| Hersteller Artikelnummer | PKSH033997  |
| Alternativnummer         | ELA-PKSH033997-100, ELA-PKSH033997-20   |
| Hersteller               | Elabscience   |
| Kategorie                | Proteine/Peptide  |
| Spezies Reaktivität      | Human   |
| Molekulargewicht         | 55-80 kDa   |
| Tag                      | C-Fc-Avi  |
| NCBI                     | <a href="#">8</a>   |
| UniProt                  | <a href="#">Q8WVV5</a>  |
| Expression System        | HEK293 Cells  |
| Reinheit                 | > 95 % as determined by reducing SDS-PAGE.  |
| Formulierung             | Lyophilized from a 0.2 um filtered solution of PBS, pH 7.4. Normally 5 % - 8 % trehalose, mannitol and 0.01% Tween80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Gln33-Val237  |

|                  |        |
|------------------|--------|
| Target-Kategorie | BTN2A2 |
|------------------|--------|
