| Artikelname              | Recombinant Mouse CD8a/Lyt2 Protein (His Tag)(Active)                                                                                                                                                                |
| Artikelnummer            | ELA-PKSM040706                                                                                                                                                                                                       |
| Hersteller Artikelnummer | PKSM040706                                                                                                                                                                                                           |
| Alternativnummer         | ELA-PKSM040706-50                                                                                                                                                                                                    |
| Hersteller               | Elabscience                                                                                                                                                                                                          |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                     |
| Applikation              | ELISA                                                                                                                                                                                                                |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                |
| Molekulargewicht         | 35 kDa                                                                                                                                                                                                               |
| Tag                      | C-His                                                                                                                                                                                                                |
| NCBI                     | <a href="#">001074579</a>                                                                                                                                                                                            |
| Expression System        | HEK293 Cells                                                                                                                                                                                                         |
| Reinheit                 | > 95 % as determined by reducing SDS-PAGE.                                                                                                                                                                           |
| Formulierung             | Lyophilized from sterile PBS, pH 7.4 Normally 5 % - 8 % trehalose, mannitol and 0.01% Tween80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Met 1-Tyr 196                                                                                                                                                                                                        |
| Target-Kategorie         | CD8a,Lyt2                                                                                                                                                                                                            |
