## Product Datasheet

### AAV Capsid Titration Detection Antibody Pair (Universal) ABS-AAVX-01-960TESTS

Artikelname	AAV Capsid Titration Detection Antibody Pair (Universal)
Artikelnummer	ABS-AAVX-01-960TESTS
Hersteller Artikelnummer	AAVX-01-960tests
Alternativnummer	ABS-AAVX-01-960TESTS
Hersteller	AcroBiosystems
Kategorie	Kits/Assays
Produktbeschreibung	Adenoassociated virus (AAV) is the simplest and nonenveloped singlestranded DNA virus with a viral genome length of about 4.7Kb, which belongs to the parvovirus family. AAV has become one of the most important gene vectors in the field of gene therap...
Quelle	Adeno-associated virus (AAV) is the simplest and non-enveloped single-stranded DNA virus with a viral genome length of about 4.7Kb, which belongs to the parvovirus family. AAV has become one of the most important gene vectors in the field of gene therapy
Formulierung	Solid
Target-Kategorie	AAV
Anwendungsbeschreibung	AAV Titration Detection Kit (Universal )was developed for the detection and quantitative determination of AAV capsid titration in AAV gene therapy product preparation processing.
