| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Cadherin17, also known as liverintestine (LI) Cadherin, belongs to the cadherin family of calciumdependent cell adhesion molecules. In vivo studies showed CDH17 knockout resulted in apoptotic PC tumor death through activating caspase3 activity. Taken... |
| Molekulargewicht         | 110.8 kDa                                                                                                                                                                                                                                                     |
