| Artikelname              | Orange allergen Cit s 2 Recombinant Protein                                                                                                                     |
| Artikelnummer            | PRS-24-917                                                                                                                                                      |
| Hersteller Artikelnummer | 24-917                                                                                                                                                          |
| Alternativnummer         | PRS-24-917-0.1                                                                                                                                                  |
| Hersteller               | ProSci                                                                                                                                                          |
| Kategorie                | Proteine/Peptide                                                                                                                                                |
| Applikation              | CLIA, ELISA, LF, WB                                                                                                                                             |
| Konzentration            | batch dependent                                                                                                                                                 |
| Molekulargewicht         | This recombinant protein contains full length of Cit s 2, a major allergen of Orange, with a MW of 14 kDa. It is recognized by positive samples in ELISA tests. |
| Puffer                   | PBS, pH 8.0, and 8 M Urea containing 0.1% ProClin300.                                                                                                           |
| Quelle                   | E. coli                                                                                                                                                         |
| Reinheit                 | > 95% pure by SDS-PAGE. Ligand affinity purified.                                                                                                               |
| Formulierung             | liquid                                                                                                                                                          |
| Anwendungsbeschreibung   | Suitable for use in ELISA, CLIA, Lateral Flow, Western Blot, and other immune tests                                                                             |
