| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ICC, IF, IHC-P, WB                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | HLA-DMB belongs to the HLA class II beta chain paralogues. This class II molecule is a heterodimer consisting of an alpha (DMA) and a beta (DMB) chain, both anchored in the membrane. It is located in intracellular vesicles. DM plays a central role in... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1mg/ml                                                                                                                                                                                                                                                        |
| Klon-Bezeichnung         | [H3L7]                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">3115</a>                                                                                                                                                                                                                                          |

|                        |                                                                              |
|------------------------|------------------------------------------------------------------------------|
| Puffer                 | 0.01M TBS(pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.             |
| Quelle                 | KLH conjugated synthetic peptide derived from human HLA-DPB1                 |
| Reinheit               | Purified by Protein A.                                                       |
| Target-Kategorie       | HLA-DPB1                                                                     |
| Application Verdünnung | WB(WB=1:500-2000), IHC-P(IHC-P=1:200-500), IF(ICC=1:50),<br>ICC(IF=1:50-100) |
