| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | WB                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Equine, Human, Mouse, Porcine, Rabbit, Rat                                                                                                                                                                                                                   |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human HTR2C                                                                                                                                                                   |
| Konjugation              | Biotin                                                                                                                                                                                                                                                       |
| Produktbeschreibung      | This is one of the several different receptors for 5-hydroxytryptamine (serotonin), a biogenic hormone that functions as a neurotransmitter, a hormone, and a mitogen. This receptor mediates its action by association with g proteins that activate a p... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                    |

|                  |                                                                                                   |
|------------------|---------------------------------------------------------------------------------------------------|
| Molekulargewicht | 52kDa                                                                                             |
| NCBI             | <a href="#">3358</a>                                                                              |
| UniProt          | <a href="#">P28335</a>                                                                            |
| Formulierung     | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
