| Produktbeschreibung      | Recombinant Rat Sperm Adhesion Molecule 1 (SPAM1) is a purified Prokaryotic Protein. Purity: >90% by SDS-PAGE. Host: E. coli. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Rat (Rattus norvegicus). Target Name: Sperm Adhesion Molecule 1... |
| Molekulargewicht         | 53kDa                                                                                                                                                                                                                                                         |
| Tag                      | N-terminal His Tag                                                                                                                                                                                                                                            |
| NCBI                     | <a href="#">117037</a>                                                                                                                                                                                                                                        |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 5% Trehalose.                                                                                                                                                                                                               |
| Expression System        | Prokaryotic Expression                                                                                                                                                                                                                                        |
