## Product Datasheet

### PHAP3 antibody, Unconjugated, Rabbit, Polyclonal GTX85687

|                          |                                                                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | PHAP3 antibody, Unconjugated, Rabbit, Polyclonal                                                                                                           |
| Artikelnummer            | GTX85687                                                                                                                                                   |
| Hersteller Artikelnummer | GTX85687                                                                                                                                                   |
| Alternativnummer         | GTX85687-50                                                                                                                                                |
| Hersteller               | GeneTex                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                 |
| Applikation              | ELISA, IHC, IHC-P, WB                                                                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                          |
| Immunogen                | A synthetic peptide corresponding to amino acids close to C-terminus of human PHAP III. The immunogen is located within amino acids 200 - 250 of PHAP III. |
| Konjugation              | Unconjugated                                                                                                                                               |
| Klonalität               | Polyclonal                                                                                                                                                 |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                   |
| Molekulargewicht         | 31                                                                                                                                                         |
| Sensitivitaet            | PHAP III has no cross-reaction to PHAP I and PHAP I2a.                                                                                                     |
| NCBI                     | <a href="#">81611</a>                                                                                                                                      |
| UniProt                  | <a href="#">Q9BTT0</a>                                                                                                                                     |

|                        |                                                                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | PBS, 0.02% Sodium azide.                                                                                                                         |
| Formulierung           | Liquid                                                                                                                                           |
| Anwendungsbeschreibung | WB: 0.5 - 2 µg/ml. IHC-P: 2.5 µg/ml. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
