## Product Datasheet

### Anti-CD117 (c-Kit) (Human) pAb, Rabbit, Polyclonal MBL-566

Artikelname	Anti-CD117 (c-Kit) (Human) pAb, Rabbit, Polyclonal
Artikelnummer	MBL-566
Hersteller Artikelnummer	566
Alternativnummer	MBL-566
Hersteller	MBL
Wirt	Rabbit
Kategorie	Antikörper
Applikation	ICC, IHC, WB
Spezies Reaktivität	Human
Immunogen	Synthetic peptide C-terminal portion of c-kit gene product carrier protein binding (K963)
Klonalität	Polyclonal
NCBI	<a href="#">3815</a>
Puffer	1 mg/mL in PBS/50% glycerol, pH 7.2
Quelle	This antibody was purified from rabbit serum using the synthesized peptides (C-terminal of c-Kit gene product, K963) coupled protein A agarose column. The rabbit was immunized with carrier protein conjugated synthesized peptides (K963).
Target-Kategorie	CD117

Application Verdünnung

WB: 1:1000 (chemiluminescence detection system). IHC: 1:200 (Heat treatment required for paraffin) Microwave oven, 2 times for 10 minutes each in 10 mM citrate buffer (pH 6.5)
