### AASS Antibody, Unconjugated, Rabbit, Polyclonal BYT-ORB865481

|                          |                                                                           |
|--------------------------|---------------------------------------------------------------------------|
| Artikelname              | AASS Antibody, Unconjugated, Rabbit, Polyclonal                           |
| Artikelnummer            | BYT-ORB865481                                                             |
| Hersteller Artikelnummer | orb865481                                                                 |
| Alternativnummer         | BYT-ORB865481-10,BYT-ORB865481-100                                        |
| Hersteller               | Biorbyt                                                                   |
| Wirt                     | Rabbit                                                                    |
| Kategorie                | Antikörper                                                                |
| Applikation              | ELISA, FC, ICC, IF, IHC, WB                                               |
| Spezies Reaktivität      | Human, Mouse, Rat                                                         |
| Immunogen                | E.coli-derived human AASS recombinant protein (Position: E37-N865).       |
| Konjugation              | Unconjugated                                                              |
| Produktbeschreibung      | AASS Antibody...                                                          |
| Klonalität               | Polyclonal                                                                |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml. |
| Molekulargewicht         | 102 kDa                                                                   |
| UniProt                  | <a href="#">Q9UDR5</a>                                                    |
| Formulierung             | Lyophilized                                                               |

|                        |                                                                                                                                                                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Western blot, 0.1-0.25 µg/ml, Human, Mouse, Rat<br>Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml,<br>Human Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human<br>Flow Cytometry, 1-3 µg/1x10 <sup>6</sup> cells, Human Direct ELISA, 0.1-0.5<br>µg/ml, Human |
| Anwendungsbeschreibung | Tested Species: In-house tested species with positive results. Other<br>applications have not been tested. Optimal dilutions should be<br>determined by end users. Adding 0.2 ml of distilled water will yield a<br>concentration of 500 µg/ml.                               |
