| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Virus                                                                                                                                                                                                                                                         |
| Immunogen                | Affinity purified recombinant fusion protein using the C-terminal of Nsp4 (residues 385 to stop) and produced in E. coli.                                                                                                                                     |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Nsp4 is part of the multifunctional protein replicase polyprotein 1ab that is involved in the transcription and replication of viral RNA. This non-structural protein in cooperation with Nsp3 and Nsp6 has been implicated in rearrangement of host membr... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 3 mg/ml                                                                                                                                                                                                                                                       |
| Puffer                   | PBS, 20% glycerol and 0.05% sodium azide                                                                                                                                                                                                                      |

|                        |                                                                                                                                                                         |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Polyclonal antibody supplied as a 100 µl (3 mg/ml) aliquot in PBS, 20% glycerol and 0.05% sodium azide. This antibody is epitope-affinity purified from goat antiserum. |
| Target-Kategorie       | NSP4 (SARS-CoV-2)                                                                                                                                                       |
| Application Verdünnung | WB:1:500-1:2,000                                                                                                                                                        |
| Anwendungsbeschreibung | The antibody solution should be gently mixed before use.                                                                                                                |
