### Rabbit Anti-Mouse IgG (H&L) secondary antibody (Fluorescein), FITC ABN-PAB10763

|                          |  |
|--------------------------|--|
| Artikelname              | Rabbit Anti-Mouse IgG (H&L) secondary antibody (Fluorescein), FITC   |
| Artikelnummer            | ABN-PAB10763   |
| Hersteller Artikelnummer | PAB10763   |
| Alternativnummer         | ABN-PAB10763-2   |
| Hersteller               | Abnova   |
| Wirt                     | Rabbit   |
| Kategorie                | Antikörper   |
| Applikation              | FC, FLISA, IF, WB  |
| Spezies Reaktivität      | Mouse  |
| Immunogen                | Mouse IgG whole molecule   |
| Konjugation              | FITC   |
| Produktbeschreibung      | Rabbit anti-mouse IgG recognizes mouse IgG whole molecule. This secondary antibody was purified using antigen affinity chromatography. The antibody is conjugated with Fluorescein.... |
| Puffer                   | Lyophilized from 0.02 M potassium phosphate, 0.15 M sodium chloride, pH 7.2 (10 mg/mL BSA (immunoglobulin and protease free), 0.01% sodium azide).                                     |
| Formulierung             | Lyophilized  |

|                        |   |
|------------------------|---|
| Application Verdünnung | Flow Cytometry<br>Fluorescence-linked immunosorbent assay (1:10000-1:50000)<br>Immunofluorescence (1:1000-1:5000)<br>Western Blot<br>The optimal working dilution should be determined by the end user. |
