| Artikelname              | Anti-Human CYP1A1 DyLight 550 conjugated Antibody, Rabbit, Polyclonal                                                                                              |
| Artikelnummer            | BOB-A00471-DYL550                                                                                                                                                  |
| Hersteller Artikelnummer | A00471-Dyl550                                                                                                                                                      |
| Alternativnummer         | BOB-A00471-DYL550-100UG                                                                                                                                            |
| Hersteller               | Boster Bio                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                         |
| Applikation              | FC                                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                              |
| Immunogen                | E.coli-derived human CYP1A1 recombinant protein (Position: H183-D320). Human CYP1A1 shares 81.2% amino acid (aa) sequence identity with both mouse and rat CYP1A1. |
| Konjugation              | DyLight 550                                                                                                                                                        |
| Produktbeschreibung      | Boster Bio Anti-Human CYP1A1 DyLight 550 conjugated Antibody catalog A00471-Dyl550. Tested in Flow Cytometry applications. This antibody reacts with Human....     |
| Klonalität               | Polyclonal                                                                                                                                                         |
| Konzentration            | 0.5-1mg/ml, actual concentration vary by lot. Use suggested dilution ratio to decide dilution procedure.                                                           |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Molekulargewicht       | 39 kDa                                                                                                       |
| UniProt                | <a href="#">P04798</a>                                                                                       |
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| Formulierung           | Liquid                                                                                                       |
| Application Verdünnung | Flow Cytometry (Fixed), 1-3µg/1x10 <sup>6</sup> cells                                                        |
