| Kategorie                | Proteine/Peptide                                                                                                                                                                                              |
| Applikation              | SDS-PAGE                                                                                                                                                                                                      |
| Produktbeschreibung      | Human Fas/TNFRSF6/CD95 Recombinant Protein expressed in Baculovirus with His-tag. Sequence domain: 26-173aa.<br>Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Konzentration            | 0.5mg/ml (determined by absorbance at 280nm)                                                                                                                                                                  |
| Molekulargewicht         | 17.7 kDa (156aa)                                                                                                                                                                                              |
| Tag                      | His-Tag                                                                                                                                                                                                       |
| UniProt                  | <a href="#">P25445</a>                                                                                                                                                                                        |
| Puffer                   | Phosphate-Buffered Saline (pH 7.4) containing 10% glycerol                                                                                                                                                    |
| Quelle                   | Baculovirus                                                                                                                                                                                                   |
| Reinheit                 | > 95% by SDS-PAGE                                                                                                                                                                                             |
