Product Datasheet

Anti-RON (RABBIT) Antibody, Rabbit, Polyclonal ABT-ASR4471

Artikelname	Anti-RON (RABBIT) Antibody, Rabbit, Polyclonal
Artikelnummer	ABT-ASR4471
Hersteller Artikelnummer	ASR4471
Alternativnummer	ABT-ASR4471-100UG
Hersteller	Abcepta
Wirt	Rabbit
Kategorie	Antikörper
Spezies Reaktivität	Human
Immunogen	Anti-RON Antibody was produced in rabbits by repeated immunizations with a recombinant protein produced in Sf9 cells corresponding to the full length human RON protein.
Produktbeschreibung	RON is a member of the protein kinase superfamily. Protein kinases mediate most of the signal transduction in eukaryotic cells, regulating cellular metabolism, transcription, cell cycle progression, cytoskeletal rearrangement and cell movement, apopt...
Klonalität	Polyclonal
Konzentration	1.0 mg/mL
UniProt	Q04912
Puffer	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

Reinheit	Anti-RON antibody is directed against human RON. The antibody detects both unphosphorylated and phosphorylated forms of the protein. Anti-RON antibody was purified from rabbit serum by Protein A chromatography and cross adsorption of the GST tag. Cross r
Anwendungsbeschreibung	Anti-RON Antibody has been tested by western blot. Specific conditions for reactivity should be optimized by the end user. Expect a predominant band at ~ 152.3 kDa corresponding to full length protein by western blotting in the appropriate cell lysate or
