Product Datasheet

Anti-LIM Kinase (RABBIT) Antibody, Rabbit, Polyclonal ABT-ASR5297

Artikelname	Anti-LIM Kinase (RABBIT) Antibody, Rabbit, Polyclonal
Artikelnummer	ABT-ASR5297
Hersteller Artikelnummer	ASR5297
Alternativnummer	ABT-ASR5297-100UG
Hersteller	Abcepta
Wirt	Rabbit
Kategorie	Antikörper
Spezies Reaktivität	Mouse
Immunogen	This affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to the C-terminal region near aa 620-647 of human LIM kinase protein.
Produktbeschreibung	LIM Kinase is also known as LIM-domain containing protein kinase, LIMK-1 and LIMK. There are approximately 40 known eukaryotic LIM proteins, so named for the LIM domains they contain. LIM domains are highly conserved cysteine-rich structures containi...
Klonalität	Polyclonal
Konzentration	1.0 mg/mL
UniProt	P53667
Puffer	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

Reinheit	This affinity purified antibody is directed against human LIM kinase protein. The product was affinity purified from monospecific antiserum by immunoaffinity purification. A BLAST analysis was used to suggest reactivity with this protein from human, chim
Anwendungsbeschreibung	This affinity purified antibody has been tested for use in ELISA and by western blot. Specific conditions for reactivity should be optimized by the end user. Expect a band approximately 73 kDa in size corresponding to LIM kinase by western blotting in th
