| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant fragment (within amino acids 1-200) of human CASP7 protein was used as the immunogen for the CASP7 antibody.                                                                                                                                    |
| Produktbeschreibung      | A unique family of Cysteine proteases has been described that differs in sequence, structure and substrate specificity from any previously described protease family. This family, CED-3/caspase-1, is comprised of caspase-1, caspase-2, caspase-3, caspa... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CASP7/9054]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P55210</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A/G affinity                                                                                                                                                                                                                                          |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide        |
| Antibody Type          | Primary Antibody                                                               |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                          |
| Anwendungsbeschreibung | Optimal dilution of the CASP7 antibody should be determined by the researcher. |
