Product Datasheet

Goat IgG Monkey IgA (TRITC) antibody, Polyclonal BYT-ORB21600

Artikelname	Goat IgG Monkey IgA (TRITC) antibody, Polyclonal
Artikelnummer	BYT-ORB21600
Hersteller Artikelnummer	orb21600
Alternativnummer	BYT-ORB21600-1
Hersteller	Biorbyt
Wirt	Goat
Kategorie	Antikörper
Konjugation	TRITC
Produktbeschreibung	Tetramethylrhodamine isothiocyanate-conjugated IgG fraction of polyclonal goat antiserum to Monkey IgA, Fc specific. Direct immunofluorescence staining of cytoplasmic Ig of appropriately treated cell and tissue substrates, to demonstrate immunoglobul...
Klonalität	Polyclonal
Puffer	TRITC-coupled purified hyperimmune goat IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity.
Formulierung	TRITC-coupled purified hyperimmune goat IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity.
