## Product Datasheet

### **ZNF213 (Zinc Finger Protein 213, CR53, Putative Transcription Factor CR53, Zinc Finger Protein with KRAB and SCAN Domains 21, ZKSCAN21, ZSCAN53) (Azide Free) (MaxLight 650), IgG1, Clone: [5D7], Mouse, Monoclonal USB-Z0741-13-ML650**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller Artikelnummer | Z0741-13-ML650                                                                                                                                                                                                                                                |
| Alternativnummer         | USB-Z0741-13-ML650-100                                                                                                                                                                                                                                        |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Recombinant human protein corresponding to a portion of amino acids within aa133-243 of human ZNF213.                                                                                                                                                         |
| Produktbeschreibung      | MaxLight(TM)650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |

|                  |                                                                                           |
|------------------|-------------------------------------------------------------------------------------------|
| Klon-Bezeichnung | [5D7]                                                                                     |
| Isotyp           | IgG1                                                                                      |
| NCBI             | <a href="#">004211</a>                                                                    |
| Reinheit         | Purified by immunoaffinity chromatography.                                                |
| Formulierung     | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)650. |
