| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, ICC, IF, IHC, WB                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Monkey, Mouse, Rat                                                                                                                                                                                                                                    |
| Immunogen                | E.coli-derived human PACSIN2 recombinant protein (Position: M84-D397).                                                                                                                                                                                       |
| Produktbeschreibung      | Boster Bio Anti-PACSIN2 Antibody Picoband catalog A04211-2. Tested in ELISA, Flow Cytometry, IF, IHC, ICC, WB applications. This antibody reacts with Human, Mouse, Rat, Monkey. The brand Picoband indicates this is a premium antibody that guarantees ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | 60 kDa                                                                                                                                                                                                                                                       |
| UniProt                  | <a href="#">Q9UNF0</a>                                                                                                                                                                                                                                       |

|                        |                                                                                                                                                                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                                                                                                                                               |
| Reinheit               | Immunogen affinity purified.                                                                                                                                                                                                                            |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                             |
| Application Verdünnung | Western blot, 0.1-0.25 µg/ml, Human, Mouse, Rat, Monkey<br>Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml,<br>Human Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human<br>Immunofluorescence, 5 µg/ml, Human Flow Cytometry (Fixed), 1- |
