| Kategorie                | Antikörper                                                                                                                                                               |
| Applikation              | ELISA, IHC, WB                                                                                                                                                           |
| Spezies Reaktivität      | Human, Monkey, Mouse, Rat                                                                                                                                                |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human PAK1 around the phosphorylation site of Ser199. AA range:165-214                               |
| Produktbeschreibung      | Boster Bio Anti-Phospho-PA alpha (S199) PAK1 Antibody catalog A00454S199. Tested in ELISA, IHC, WB applications. This antibody reacts with Human, Monkey, Mouse, Rat.... |
| Klonalität               | Polyclonal                                                                                                                                                               |
| Konzentration            | 1 mg/ml                                                                                                                                                                  |
| Molekulargewicht         | 60647 MW                                                                                                                                                                 |
| UniProt                  | <a href="#">Q13153</a>                                                                                                                                                   |

|                        |                                                                                                                       |
|------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                               |
| Reinheit               | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Formulierung           | Liquid                                                                                                                |
| Application Verdünnung | WB 1:500-1:2000IHC 1:100-1:300ELISA 1:10000                                                                           |
