Product Datasheet

Mouse recombinant IL-36 alpha (Interleukin-36 alpha) protein, AF BOB-PROTQ9JLA2-4

Artikelname	Mouse recombinant IL-36 alpha (Interleukin-36 alpha) protein, AF
Artikelnummer	BOB-PROTQ9JLA2-4
Hersteller Artikelnummer	PROTQ9JLA2-4
Alternativnummer	BOB-PROTQ9JLA2-4-5UG, BOB-PROTQ9JLA2-4-20UG, BOB-PROTQ9JLA2-4-100UG
Hersteller	Boster Bio
Kategorie	Proteine/Peptide
Applikation	Cell Culture
Spezies Reaktivität	Mouse
Produktbeschreibung	Interleukin 36 alpha (IL-36 alpha) is a 17.76 kDa cytokine with 160 amino acid residues. IL-36 alpha is an IL-1 family member, which binds to the Interleukin-1 receptor and is expressed in the lung, stomach, and placenta. IL-36 alpha is critical in i...
Tag	His Tag (C-term)
UniProt	Q9JLA2
Quelle	Escherichia coli
Reinheit	>98% as determined by SDS-PAGE.
Formulierung	The protein was lyophilized from a 0.2 µm filtered solution containing 1X PBS, pH 7.4. If you have any concerns or special requirements, please confirm with us.
