### Goat anti-PTCHD1 EVE-EB10466

|                          |                                                                                         |
|--------------------------|-----------------------------------------------------------------------------------------|
| Artikelname              | Goat anti-PTCHD1                                                                        |
| Artikelnummer            | EVE-EB10466                                                                             |
| Hersteller Artikelnummer | EB10466                                                                                 |
| Alternativnummer         | EVE-EB10466                                                                             |
| Hersteller               | Everest                                                                                 |
| Wirt                     | Goat                                                                                    |
| Kategorie                | Antikörper                                                                              |
| Applikation              | ELISA, WB                                                                               |
| Spezies Reaktivität      | Human                                                                                   |
| Immunogen                | C-DFQKTSRVSER                                                                           |
| Klonalität               | Polyclonal                                                                              |
| Molekulargewicht         | 101                                                                                     |
| NCBI                     | <a href="#">211612 (mouse)</a> , <a href="#">317517 (rat)</a> ,, <a href="#">139411</a> |
| Reinheit                 | Antigen affinity purified                                                               |
| Sequenz                  | DFQKTSRVSER                                                                             |
| Target-Kategorie         | Goat anti-PTCHD1 Antibody                                                               |

|                        |                                                                                                                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Peptide ELISA: antibody detection limit dilution 1:16000. Western Blot: Approx 100kDa band observed in Human Brain (Cerebellum) lysates (calculated MW of 101kDa according to NP_775766.2). Recommended concentration: 0.5-2µg/ml.An additional band of unkn |
