## Product Datasheet

### Goat anti-VN1R1 EVE-EB10484

|                          |                           |
|--------------------------|---------------------------|
| Artikelname              | Goat anti-VN1R1           |
| Artikelnummer            | EVE-EB10484               |
| Hersteller Artikelnummer | EB10484                   |
| Alternativnummer         | EVE-EB10484               |
| Hersteller               | Everest                   |
| Wirt                     | Goat                      |
| Kategorie                | Antikörper                |
| Applikation              | ELISA                     |
| Spezies Reaktivität      | Human                     |
| Immunogen                | C-SSDLNENQHP              |
| Klonalität               | Polyclonal                |
| Molekulargewicht         | 40                        |
| NCBI                     | <a href="#">57191</a>     |
| Reinheit                 | Antigen affinity purified |
| Sequenz                  | SSDLNENQHP                |
| Target-Kategorie         | Goat anti-VN1R1 Antibody  |

|                        |                                                                                                                                                                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Peptide ELISA: antibody detection limit dilution 1:16000. Western Blot: Not yet tested. At this stage we are dependent on researchers in the field for further characterization of this product. Therefore we cannot recommend an optimal concentration and t |
