| Hersteller Artikelnummer | REC31616-25                                                                                                                                                                                                                                                   |
| Alternativnummer         | NAC-REC31616-25                                                                                                                                                                                                                                               |
| Hersteller               | The Native Antigen Company                                                                                                                                                                                                                                    |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Recombinant Mayaro Virus-Like Particles produced in 293 human cells. Mayaro structural proteins are transiently expressed to form a particle comprising E1, E2 and capsid protein, without the non-structural proteins or genome. Resultant particles are ... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | 0.2-0.5 mg/ml                                                                                                                                                                                                                                                 |
| Tag                      | Mouse Fc-tag                                                                                                                                                                                                                                                  |
| Puffer                   | DPBS pH7.4                                                                                                                                                                                                                                                    |
| Expression System        | Human Cell Recombinant                                                                                                                                                                                                                                        |
